

THE ELONGATED COLLECTORS

Report of the Press Agent

August 2019 – July 2021

Four Press Releases to *The Mintmark* were sent during this period, two of them for its October 2020 issue. One reported on the virtual meeting held in August, the other announcing the memorial coins for Ray Dillard and Brad Ream. The other two were in March and July, each telling of TEC's preparation for the World's Fair of Money (nobody knew if the show would happen in March but we said we were ready and the coins would be produced).

Respectfully submitted,

Robert F. Fritsch
