

# The Elongated Collectors 2023 Auction

## Please read this before bidding!

### Welcome to the third virtual TEC Auction!

Here's the auction catalog to review in advance. If you want to bid, please put your full name and TEC # under your picture when you join the meeting. (If you don't know how to rename yourself, don't worry, the host will do it for you if you start bidding.)

### What you need to know:

When the auction starts, the host will display the catalog and mute everyone except our auctioneer, Bob Fritsch.

If you want to bid on an item, unmute yourself and speak up loud and clear. Bob won't be able to see everyone at once, so just raising your hand won't do. Bob must hear your bid.

If you unmute to kibbitz or if there is background noise coming from you, the host will mute you, so please pay attention to your microphone. The auctioneer must be able to hear the bidders.

The auction will be recorded in case we need to confirm any bids. The recording is just a backup. It will not be published.

To account for Zoom lag, Bob will slow down his usual auctioneer patter. He has practiced on Zoom. However, we cannot account for all that might happen with many bidders. Please be patient as everyone gets the hang of it.

The auction is limited to 90 minutes. All items in the catalog should be addressed within that time. If not, Bob will pause at 75 minutes and ask if anyone wants to bid on an unsold lot and call that lot.

Where multiple of an item are available, the option to buy any or all of the extras goes first to winning bidder, then to the underbidder, then to anyone.

Following the auction, our secretary, Terri Ventresca, will send each successful bidder an invoice for their items plus postage. Instructions for payment will be included in the invoice. Your items will ship after your payment is received.

### Listen for key phrases. Each lot will go something like this:

*"The item up for bid is DESCRIPTION. Do I hear an opening bid of \$1?"*

If you want to make an opening bid, unmute and speak slowly and clearly.

*"I have a bid of \$1 from Adam. Do I hear a bid of \$2? I have a bid of \$2 from Barbara."*

At this point, only Adam and Barbara are bidding. Bob will call each bidder by name, *"Adam, do you bid \$3?"* And then, *"Barbara, do you bid \$4?"* He will continue until Adam or Barbara drops out.

At this point, a new bidder will have a chance to come in. *"I have a bid of \$3. Do I hear an advance on \$3? I have a bid of \$4 from Carrie. Adam, do you bid \$5?"* Adam and Carrie bid until one drops. Then a new bidder has a chance to come in.

Again, we will only do two bidders at a time. Please honor this restriction even if you want to jump in immediately. The cycle repeats as bidders drop and add themselves until there is no more advance.

*"Going once, going twice, sold to NAME for AMOUNT!"*

# POPE BENEDICT XVI

**Pope Emeritus Benedict XVI:** *Benedictus XVI*; born **Joseph Aloisius Ratzinger**; (on 16 April 1927) is the 265th and former pope of the Catholic Church, having served from 2005 until his resignation in 2013. Benedict was elected on 19 April 2005 in a papal conclave following the death of Pope John Paul II and was inaugurated on 24 April 2005. Ordained as a priest in 1951 in his native Bavaria, Ratzinger established himself as a highly regarded university theologian by the late 1950s and was appointed a full professor in 1958. After a long career as an academic, serving as a professor of theology at several German universities he was appointed Archbishop of Munich and Freising and cardinal by Pope Paul VI in 1977, an unusual promotion for someone with little pastoral experience. In 1981, he settled in Rome when he became Prefect of the Congregation for the Doctrine of the Faith, one of the most important dicasteries of the Roman Curia. (See reverse for more information)

## How Delaware Became a State

Native Americans Called the Lenni Lenape lived in Delaware before the first Europeans arrived. The Dutch were the first Europeans to settle the area, but they struggled. The Lenni Lenape destroyed many early settlements. Unlike the other states, Delaware first belonged to Sweden and Holland. One settlement was called New Amstel, later, called New Castle. The British took control of Delaware in 1664. Delaware was also part of Pennsylvania until 1704.

Delaware was eager to join the other colonies in their fight against England. When it came time to vote for independence, one more vote was needed to adopt the Declaration of Independence. It is said that Caesar Rodney rode his horse 86 miles almost non-stop from his home in time to cast the deciding vote. Delaware became the first state in 1787.

# POKEMON CHARIZARD

Known as the Flame Pokémon, Charizard are violent yet honorable creatures, flying proudly around the sky and constantly seeking for powerful opponents to quarrel with. Several Charizard are featured the *Pokémon* anime series with the most recurring being from the main character, Ash Ketchum.

Charizard have two wings that are blue, while the back is orange like the most of its body. Its belly and soles are cream-colored, while their eyes are light blue in color. The video games describe Charizard as having wings that can carry it close to an altitude of 4,600 feet. They can breath intense flames that can melt any material. However, it will never torch a weaker foe. One is also capable of crushing enemies with its claws. Charizard are violent yet honorable creatures, flying proudly around the sky and constantly seeking for powerful opponents to quarrel with. If a Charizard becomes angry, the flame at the tip of its tail can flare up in a whitish-blue color. Because of their reckless behavior, Charizard are also known to unintentionally cause wildfires.
