

THE ELONGATED COLLECTORS (TEC)

2023 Coin Design Contest

It's time once again for the TEC Design Contest! The theme this year is "**My Favorite Thing(s)**" The board chose this topic because we felt that it provided a great variety of options for coin design. Is your favorite thing a person? A place? A thing? A holiday? An animal? A pet? Remember, this is your contest, so let your imagination run wild. This can be your single Favorite Thing or multiple Favorite Things; the choice is up to you. The winning designs will be announced in the April *TEC News*. TEC will produce the winning design on U.S. cents and distribute one to each TEC member. **Young Numismatist members will be judged separately from regular members and a winner from each group will be selected.**

The winning designer of each group will receive:

- 25 elongated pennies rolled with the winning design.
- One set of denominational elongated coins rolled with the winning design (quarter, dime, nickel, cent).
- One free year of TEC membership. (The free year of membership must be used by the winner unless he/she is a Life or Honorary Member, in which case he/she may elect to "gift" a year's membership to a non-member. If the winner is already pre-paid for future years, the closest unpaid year will be considered the awarded year.)
- The winner will be a member of the judging panel for the next year's contest.

Entries will be judged on the following:

- Originality
- Illustration of the design theme – "**My Favorite Thing(s)**"
- Compatibility with size/engraving limitations
- Note: Any design considered inappropriate will be disqualified.

The following rules apply:

- All active Regular, Young Numismatist, Associate, Life, and Honorary members are eligible to participate. If you haven't paid your dues for 2023, please do so to enter the contest.
- Each TEC member is limited to two (2) entries.
- Please do not use copyrighted images or logos.
- Entries must be submitted on this official entry form (or a photocopy of it) by either email or US Postal Mail by **February 17, 2023**. When submitting via email, please consider image quality as entries are provided to the judges "as received." When submitting US Postal Mail please allow extra time for delivery to ensure that it will arrive prior to the deadline. We don't want anyone left out.
- Additional entry forms are available at www.tecnews.org.
- "**TEC**" and "**2023**" must appear somewhere in the design.

Since the design will be rolled on pennies, TEC reserves the right to modify the winning design for space or aesthetic reasons. Please use the template on the reverse of this form, avoid very small details and very small text, and make your drawing as clean as you can. Please do NOT put your initials on the design to keep the entries anonymous.
